BUILDING NEW PROJECTS
STARTING NEW VENTURES

WHO WE ARE

We are an international business development group operating in the fields of start-ups and business management. We take care of and assist in various forms the development of business initiatives, also through facilitating contact with investors, partners and stakeholders in the sectors of interest.

Our business consists of a central holding company and a diversified set of investments that guarantee its solidity and future.

Our team is made up of professionals in the field of business management and we are committed every day in developing innovative ways to respond to the challenges of international markets by investing in quality business initiatives.

We provide start-ups with the initial facilities, services, skills and finance to accelerate their development with the aim of bringing to market new independent and financially viable enterprises. We support the development of companies in new markets on an international basis with the aim of creating transnational synergies and partnerships.

SERVICES OFFERED

Services offered by RARO Leadership & Management cover, in a complete cycle, the different stages of business life from the development of the business model to its maturity phase.

- ✓ Formulation of strategies and business model implementation
- ✓ Business Plan development and financing research
- ✓ Organizational and production development
- ✓ Search for partners and stakeholders
- ✓ Mergers and acquisitions
- ✓ Management of industrial spin-off processes
- ✓ Enterprise full business potential development

Services in this area consist in designing and organizing the new business structure, the people and skills required by the business strategy and building an organizational culture that supports it.

We also help to design and implement large-scale transformation processes to achieve change goals in a short time and with less risk.

We develop business strategies capable of attracting new customers and new markets by identifying and expanding the untapped potential of companies and enterprises that are part of our support action.

Our main objective is to develop differentiated value-added, building highly innovative and competitive business projects, capable of contributing to the creation of jobs and the strengthening of the national economy in which the company is directly or indirectly involved through participations in companies, or the creation and management of strategic assets.
